International Journal of Geographical Information Science

SUBSCRIPTION INFORMATION

The International Journal of Geographical Information Science is published monthly except in February, May, August and November by Taylor & Francis Ltd, 11 New Fetter Lane, London, EC4P 4EE, UK.

Annual Institutional Subscriptions, Volume 14, 2000

Print ISSN 1365-8816 $695.00 £420.00

A subscription to the print edition includes free access for any number of concurrent users across a local area network to the on line edition, ISSN 1362-3087.

For more information, visit our website: http://www.tandf.co.uk/

Print subscriptions only are also available to individual members of the Association for Geographic Information (AGI) and the Association of American Geographers (AAG) on application to the Societies.

Second class postage paid in Jamaica, New York 11431. US Postmasters: Send address changes to *International Journal of Geographical Information Science*, Publications Expediting Inc., 200 Meacham Avenue, Elmont, New York 11003. Air freight and mailing in the USA by Publications Expediting Inc., 200 Meacham Avenue, Elmont, New York 11003.

Typeset, printed and bound by The Charlesworth Group, Huddersfield, Great Britain. The paper used in this publication is 'acid free' and conforms to the American National Standards Institute requirements in this respect.

Dollar rates apply to subscribers in all countries except the UK and the Republic of Ireland where the pound sterling price applies. All subscriptions are payable in advance and all rates include postage. Journals are sent by air to the USA, Canada, Mexico, India, Japan and Australasia. Subscriptions are entered on an annual basis, i.e. January to December. Payment may be made by sterling cheque, dollar cheque, international money order, National Giro, or credit card (Amex, Visa, Mastercard).

Orders originating in the following territories should be sent direct to the local distributor: *India* Universal Subscription Agency Pvt. Ltd, 101–102 Community Centre, Malviya Nagar Extn, Post Bag No. 8, Saket, New Delhi 110017; *Japan* Kinokuniya Company Ltd, Journal Department, PO Box 55, Chitose, Tokyo 156; *USA, Canada and Mexico* Taylor & Francis Inc., 325 Chestnut Street, 8th Floor, Philadelphia, PA19106; *UK and all other territories* Taylor & Francis Ltd, Rankine Road, Basingstoke, Hampshire RG24 8PR.

The print edition of this journal is typeset by Charlesworth, and printed on ANSI conforming acid free paper by Charlesworth. The on-line edition of this journal is hosted by Catchword.

International Journal of Geographical Information Science

Taylor & Francis, London, Philadelphia

Contents of Volume 13

Number 1

Guest Editorial

Using digital spatial archives effectively.
D. M. Flewelling and M. J. Egenhofer 1

Research Articles

Applying case-based reasoning techniques in GIS.
A. Holt and G. L. Benwell 9

An accuracy assessment method for geographical line data sets based on buffering.
H. Tveite and S. Langaas 27

Calibration and sensitivity analysis of a spatially-distributed solar radiation model.
D. W. McKenney, B. G. Mackey and B. L. Zavitz 49

All shapes and sizes: the first generation of national spatial data infrastructures.
I. Masser 67

Comment

Linear pycnophylactic reallocation—comment on a paper by D. Martin.
W. Tobler 85

Number 2

Research Articles

Processing fuzzy spatial queries: a configuration similarity approach.
D. Papadias, N. Karacapilidis and D. Arkoumanis 93

A personal construct-based knowledge acquisition process for natural resource mapping.
A.-X. Zhu 119

The GARP modelling system: problems and solutions to automated spatial prediction.
D. Stockwell and D. Peters 143

Exploring links between crime and disadvantage in north-west England: an analysis using geographical information systems.
K. Bowers and A. Hirschfield 159

Number 3

Research Articles

Modeling mobile individuals in dynamic landscapes.
J. D. Westervelt and L. D. Hopkins 191

A raster-based method for computing Voroni diagrams of spatial objects using dynamic distance transformation.
C. Li, J. Chen and Z. Li 209

Integrating geographical information systems into travel cost analysis and benefit transfer.
J. Brainard, A. Lovett and I. Bateman 227

System design for catchment-scale approaches to studying river channel adjustments using a GIS.
P. W. Downs and G. Priestnall 247

The different identities of GIS and GIS diffusion.
T. O. Chan and I. P. Williamson 267

Reviewer acknowledgements 282

Number 4

Special Issue
Visualization for exploration of Spatial data.
Edited by M.-J. Kraak 285

Four barriers to the development of effective exploratory visualisation tools for the geosciences.
M. Gahegan 289

Constructing knowledge from multivariate spatiotemporal data: integrating geographical visualization with knowledge discovery in database methods.
A. M. MacEachren, M. Wachowicz, R. Edsall, D. Haug and R. Masters 311

Extending the map metaphor using web delivered multimedia.
W. Cartwright 335

Interactive maps for visual data exploration.
G. L. Andrienko and N. V. Andrienko 355

Active legends for interactive cartographic animation.
M. P. Peterson 375

Interaction in virtual world views—linking 3D GIS with VR.
E. Verbree, G. V. Maren, R. Germs, F. Jansen and M.-J. Kraak 385

Virtual environments for student fieldwork using networked components.
J. Dykes, K. Moore and J. Wood 397

Visualisation of 8000 years of geological history in Southern India.
I. D. Bishop, S. M. Ramasamy, P. Stephens and E. B. Joyce 417

Interactive visualisation of geographical objects on the Internet.
J. Kähkönen, L. Lehto, T. Kilpeläinen and T. Sarjakoski 429

A commentary on GeoVRML: a tool for 3D representation of georeferenced data on the web.
T.-M. Rhyne 439

Number 5

Research Articles

Matching spatial data sets: a statistical approach.
V. Walter and D. Fritsch 445

A generic concept-based object-oriented geographical information system.
Y. Leung, K. S. Leung and J. Z. He 475

Analysing space use patterns by Thiessen polygon and triangulated irregular network interpolation: a non-parametric method for processing telemetric animal fixes.
J. Casaer, M. Hermy, P. Coppin and R. Verhagen 499

Aggregation issues of spatial information in environmental research.
A. U. C. J. Van Beurden and W. J. A. M. Douven 513

Number 6

Erratum 531

Research Articles

A framework for model integration in spatial decision support systems.
K. Taylor, G. Walker and D. Abel 533

Spatial representation of economic and financial measures used in agriculture via wavelet analysis.
M. Morehart, F. Murtagh and J.-L. Starck 557

A strategy for controlling error of distributed environmental models by aggregation.
A. J. J. Van Rompaey, G. Govers and M. Baudet 577

Development of a technique to decompose heterogenous mapping units in a categorical map of the biotic environment using correlated categorical data.
W. De Genst, F. Canters, W. Jacquet and S. Vermeersch 591

Number 7

Research Articles

A transformational approach to GIS operations.
N. Chrisman 617

Benchmarking spatial joins *à la carte*.
O. Günther, P. Picouet, J.-M. Saglio, M. Scholl and V. Oria 639

Incorporating fuzzy set methodologies in a DBMS repository for the application domain of GIS.
E. Stefanakis, M. Vazirgiannis and T. Sellis 657

Geostatistics for conflation and accuracy assessment of digital elevation models.
P. C. Kyriakidis, A. M. Shortridge and M. F. Goodchild 677

Accuracy assessment of probabilistic visibilities.
K. Nackaerts, G. Govers and J. V. Orshoven 709

Technical Communication

The use of fuzzy sets in the evaluation of the environment of coastal waters.
J. A. Urbanski 723

Number 8

Special Issue
Advancing Geographic Information Science: Project Varenius
Edited by Michael Goodchild

Review Article

Introduction to the Varenius project.
M. F. Goodchild, M. J. Egenhofer, K. K. Kemp, D. M. Mark and E. Sheppard 731

Research Articles

Cognitive models of geographical space.
D. M. Mark, C. Freksa, S. C. Hirtle, R. Lloyd and B. Tversky 747

Progress in computational methods for representing geographical concepts.
M. J. Egenhofer, J. Glasgow, O. Günther, J. R. Herring and D. J. Peuquet 775

Geographies of the information society.
E. Sheppard, H. Couclelis, S. Graham, J. W. Harrington and H. Onsrud 797

Index of Authors 825

Book reviews 91, 185, 529, 615
